Subject: The County

Hi Andrew

Hope you are well?

In light of the latest announcement on Monday (22nd Feb) from the Prime Minister and his road map out of lockdown, in particularly the opening of Hospitality venues. I am sure you will be aware of the possibility regarding opening on the 12th April for outside seating.

Giving we are in exactly the same position as we were last year I was wondering if the council would be as kind as to offer an extension on the use of the village green on exactly the same terms, in order to allow us to re-open and offer the business the best chance of survival.

I would welcome a response at your earliest opportunity in order to be able to make all necessary plans should this be permitted.

Kind Regards,

Michael Parkin | Director
